ALPHABETICAL LISTING*

Sharing the Care Plan

Pfizer drugs are available to patients who are 200% or below federal poverty level. Only a dispensing fee is charged. NOTE: These drugs may **only** be prescribed to patients with sliding scale pay who have no Medicaid (with or without drug insurance coverage) and Medicare prescription insurance. These medications are identified with the symbol “STC”

Patient Assistance Program

Patients who meet specific income requirements are eligible to receive certain medications through manufacturer-sponsored patient assistance programs (PAPs). Medications marked with the “pound (#)” symbol are available to eligible patients through manufacturer-sponsored PAPs. These medications may not be readily available and may require up to a 6-week processing period.

Lab Monitoring

Some commonly used drugs require laboratory monitoring and are identified with the symbol “LAB”.

* The **most current** listing of the Formulary drugs may be found on the Lincoln Community Health Center web site at www.lincolnchc.org and on LCHC Intranet under the LCHC Pharmacy tab.
