

## FORMULARY: THERAPEUTIC CATEGORY LISTING\*

### Sharing The Care Plan

Pfizer drugs are available to patients who are 200% or below federal poverty level. Only a dispensing fee is charged. NOTE: These drugs may **only** be prescribed to sliding scale A through E patients not covered by insurance nor Private Pay. These medications are labeled as **“STC”**.

### Patient Assistance Program

Patients who meet specific eligibility requirements may receive certain medications through manufacturer-sponsored patient assistance programs (PAPs). Medications labeled as **“PAP”** are available to eligible patients through manufacturer-sponsored PAPs. These medications may not be readily available and may require up to a 6-week processing period.

### Lab Monitoring

Some formulary drugs require laboratory monitoring and are labeled as **“LAB”**.

\*The most current listing of the Formulary drugs may be found on the Lincoln Community Health Center (LCHC) web site at [www.lincolnchc.org](http://www.lincolnchc.org) under the Clinical Service tab and on the LCHC Intranet under the LCHC Pharmacy tab.
